## Digital Archiving Order Information

The purpose of using a Non-Package Order is for quantities of items that are less than our Scan-A-Box packages or unique items that are not covered under our packages (negatives, albums, etc.).

**Folders:** Due to the smaller quantities of items, we cannot scan into groupings or electronic folders. All images will be scanned into a single electronic folder. Please call/email us with any questions or if you have special needs that would necessitate electronic folders (fees will apply).

**Labor Fees/Special Handling:** All standard labor fees & special handling fees will apply to Non-Package Orders at the rate of \$15/hour. Please see our website at: <https://vistapixmedia.com/photo-scanning-guidelines-fees-v1-1-2021/> for specific information about what requires special handling and additional fees.

**Bulk Negative Scanning:** If you have more than 500 (standard 35mm) negatives, please contact us before using the Non-Package option. We have bulk rate options that may be more economical than the rate shown on the order form.
